

24.-29.03.2025

Scales of Social, Environmental & Cultural Change in Past Societies

Call for Papers Submission Deadline 15.10.24

Visit www.kielconference.uni-kiel.de to submit your abstracts!

- 1 **Evolutionary Archaeology and the Exploration of Major Transitions in Human History**
- 2 **From Mud Huts to Metropoleis:**
Socioeconomic Dynamics and Well-Being Between Urban Centres and Rural Peripheries
- 3 **Neolithic stone-walled enclosures in Western and Northern Europe (4th-3rd millennium cal BCE)**
- 4 **Obsolete (?) Models, Concepts, and Narratives in Archaeology**
- 5 **Identities, Personhood, and Social Relations in Transformation processes**
- 6 **The contact between Danes and Slavs in the 7th-12th centuries CE**
- 7 **Individual agents in artifacts, assemblages, and landscapes:**
Theoretical and practical approaches in Paleolithic research
- 8 **AI in Archaeology**
- 9 **Visualising multispecies encounters:**
Art, Affect, Indigenous Knowledge, and ontology in Other-than-human Worlds
- 10 **Approaches to Coupling Earth and Human System Data:**
Pitfalls and Potentials
- 11 **Inclusive Spaces and Practices:**
Insights from the Past
- 12 **Neolithic Seascapes:**
Complex patterns, scales, and anatomies
- 13 **Human-environment interactions around the Caspian Sea from prehistory to the early historical periods**

- 14 **Function and Material Properties of Ceramics**
- 15 **Echoes of transformation across the European Pre-Roman Iron Age**
- 16 **Modeling conflict in archaeology:**
Roads to data comparability
- 17 **Transformations in the landscape of digital Archaeology -**
Changes, difficulties and solutions
- 18 **Living with the water:**
Interdisciplinary prospection strategies to human impact and adaptation in salt-marsh environment and coastal wetlands
- 19 **Material culture and visualisation:**
Situating styles in their context of use
- 20 **Breaking landscape frontiers -**
Holocene palaeoenvironmental data from source to sink
- 21 **Next Generation Archaeology:**
Student Contributions at the Kiel Conference
- 22 **From Past to Current Knowledge:**
The ROOTS of Knowledge Transfer from the Perspective of Ancient Studies
- 23 **Dealing with raising waters -**
The archaeology of drowned landscapes
- 24 **Environmental Stress as Drivers of Conflict:**
Insights from Archaeological Research
- 25 **Unlocking the Past:**
The Advantages of Isotope Analysis for Archaeological Studies
- 26 **Central Europe at the turn of 6th and 5th Millennia BCE:**
Crisis, restructuring or something else?
- 27 **Sensory transformations:**
Tracing interactions within archaeological contexts
- 29 **Human Mobility and Landscape Transformation**
- 30 **Architecture as 'micro-universe' of prehistoric societies:**
social, economic and environmental reconstructions
- 31 **Social significance of settlement plans:**
Transformation pattern of past societies
- 32 **Development of palynological tools for understanding past human-environmental interactions**
- 33 **Scales of Transformation:**
Human-environmental Interaction in Prehistoric and Archaic Societies

We are looking forward to your contributions!
On behalf of the speakers of ROOTS and the CRC1266

Johannes Müller
